

Town of Brookland and Utilities

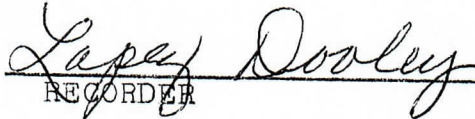

BROOKLAND, ARKANSAS 72417

PHONE 935-0559

RESOLUTION WATER WORKS # 77-1

When a proposed line is to be run to a Subdivision or individual on a share bases, the Superintendent will work out a fair and equal cost per lot bases. The cost to be derived from a linear foot run plus valves and any other parts pertant to installation of the line. The Board will establish the cost per foot, which must be subject to change as the rising cost of materials necessitates.

In case of death or change of ownership of property then a lien will be placed on the property for amount owed.
