

Brookland is the fastest growing city of its size in the state of Arkansas. Along with growth comes challenges and opportunities. One opportunity that we have is more development that now includes commercial business locating in our city. More growth, plus commercial businesses lead to more financial stability for Brookland's future. One of the challenges is the security and safety of our citizens. The City of Brookland made changes to our police force to be more proactive to our future needs.

The Brookland Fire Protection District is trying to do the same to protect not only the citizens of Brookland, but their district also. BFPD is reaching out and asking for volunteers to sign up to become Volunteer Fire Personnel. If you are interested in becoming a BFPD Volunteer Fire Personnel, please TEXT FIRE to 870-275-2700. Having enough fire department personnel could be the difference in a life being saved or death with the next emergency 911 call.

Your consideration of this critical position is greatly needed and deeply appreciated!

Sincerely,

Kenneth D. Jones, Mayor

Wayne Reece, Chief BFPD
